Hitchin Nomads CC's latest result, announcements and members stories they care to share

## Results

With threatening weather conditions the penultimate of this year's Briercliffe attracted a small but determined field of just six Nomads and two guest riders. Neil Fraser won the day after steady improvements all season; David Ledgerton had his debut "fixed" time trial having demonstrated consistency with mostly winning times, on gears, all season. The evening's hero must be David Rossall for having had a puncture, changed his tube and continued to the finish.

Perhaps for a "fun" event sometime we should include an inner tube change on the course, to be a test of competitor's prowess in this field of expertise.

Neil Fraser	25.02
Scott Edwards	27.22
Dave Wentworth	27.28
David Summerell	27.29
Dave Ledgerton	27.40
Dave Rossall	35.58

Guests	
Steve Cotton	23.33
Les Newton	25.07

Time keeping and Pushing off were Frank Turner and Tony Furby.

## Finsbury Park CC 25

David Ledgerton was the Nomads sole representative in the 22<sup>nd</sup> August's F125 and produced a commendable 1.02.29 in a refreshingly oversubscribed field with David's sub hour last three seasons time gave him only a "9" seeding, quite a field! The winner was Tony Gibb with a 49.40.

## Final Briercliffe 10 for 2004

After weeks of too many people willing to officiate it was unfortunate that for the final

event in the series, one of the, just five, riders had to forfeit his ride because heavy traffic on the A1 coming from London delayed my arrival and there was nobody else to time so David Ledgerton Timed and Pushed off the riders.

Another impressive 25 minute win for Neil Fraser was notched up.

Neil Fraser	25.31
Scott Edwards	27.40
Dave Wentworth	27.50
Dave Rossall	29.56

## Inter Club 15 - 11<sup>th</sup> September
